GLOBAL WARMING HITS THE NORTHWEST!

Our dog seemed to enjoy the weather around Christmas time at our house. If this is global warming we can't wait to see how cold it is going to be in the future.

We enjoyed a white Christmas over several days with several different family members in several different locations...once the snow and ice began to melt. All in all it was a unique experience for those of us that live in this part of Oregon and for the most part Georgia and I really enjoyed being snowed in.

NEW WEBSITE LAUNCHED!

Now you can learn about our ICM ministry via our own website: www.heartwords.org is where you can find pictures, information and access to our web logs, or blogs as they are known. Drop by anytime and leave a comment or two so we know you're out there!

MISSION CONNEXION NORTH WEST

Dennis helped to coordinate the "Missions Leadership Intensive in January at Sunset Presbyterian Church. Several old and new friends participated in a training session presented by David Mays of the Mission Exchange. On Saturday we presented a workshop under the banner of "Missionary Care" designed to help missionaries and mission agencies to prepare for the ever increasing problem of internet addiction. The workshop was well received and we received an extra blessing when some college students "demanded" that they pray over us. It was really cool to see young people so interested in missions and in us. We also made some contacts that may lead to other opportunities to minister. As always, we wait to be invited. If it is something God wants us to do, then we go.

WHAT'S NEXT? We will be joining a team of missions professionals from the area and begin planning for a "Member Care" conference that will take place sometime in the near future. In late January Georgia will be hosting a book table at a women's conference in Bothell, Washington. We are scheduled to speak at Multnomah Bible University's Missions Conference in February.
